

Certificate of Analysis

(acc. to EN ISO 3452-2)

Product 3-D Cleaner
 Ref.-No. 119.990.002 - 400 ml spray can
 Batch No.: 31603
 Shelf life: 01/2021

Individual Quality	Determination acc. to EN ISO 3452-2 Section:	Requirements	Results
Appearance	6.1	Shall be same as that of the type test material	Requirement met
Specific gravity (DIN 51757 at 20°C)	6.3	In case of the batch test $\pm 5\%$ of the sample test material at a maximum	0,785 g/cm ³ Requirement met
Flash point in a closed cup (DIN 51755/51758)	6.5	In case of the batch test 5°C of the sample test material at a maximum	12°C, Requirement met
Corrosive Performance	6.11	For aluminum alloy EN AW 7075, magnesium alloy AZ - 31B and steel 30CrMo4: No stains, pitting, sings of corrosion (10-fold magnification)	Requirement met
Sulphur content	6.12	< (200 \pm 10) ppm	10 ppm Requirement met
Chloride-/ Fluoride content	6.12	< (200 \pm 10) ppm	20 ppm Requirement met
